

## DISTRICT LEGION MEETING SUNDAY

## ONE DEAD AND TWO ARE INJURED IN KNIFE BATTLE TUESDAY

## Indictment Returned in Gause Election Case by Grand Jury

### East Has Its Thrill But Cameron Best Says Harry Tag

The other day I heard a person ask Harry Tag how he enjoyed his trip to the Northern states. He only said he had a good time and that was all. This made me a little mad so I cornered him and made him tell his trip from start to finish.

He left here on Thursday for Philadelphia. On Friday he was surprised to find that he had reached the ocean so soon, but on inquiring he found that it was only the Mississippi River. After looking it over he left for Chicago. After riding for twenty-two hours he arrived in Chicago. When he got off the train he wondered if they had put the whole city under one roof, because by looking at it it seemed to be a city in itself. He put his suitcase down and began looking for an opening. He later ventured out to look at the sights but did not have much time because the train soon left for Philadelphia.

After a pretty good ride on a fast train he arrived in Philadelphia. On leaving the station he wandered through the twelve million dollar city hall and jail. As he stepped into the patio he noticed some people being locked up for some crime and he said that is about where I will land before I leave this place. He found a hotel and began studying his guide. This was on Sunday so he started out to Independence Hall. Here he had the honor of touching the Liberty Bell and signing his name to the Declaration of Independence. On Monday he visited the Curtis Publishing Company, where he knew a few people and for whom he has been working for several years. This plant is the largest publishing house in the world. It has three dining rooms, this making a very good impression on him, and rooms for all sorts of recreation for their workmen. One of the dining rooms is set every day for the stockholders and directors of the company. If any one of them wish to drop in and eat they are welcome, if not the tables are cleaned and left. In this building they also have the largest mosaic picture in the United States. It is made of small pieces of colored glass and is very large. After spending Monday in the plant, he saw ten-

(Continued on page four.)

### BILLIE HILL, 21, DEAD FROM KNIFE WOUNDS

JOHN HILL AND KEET BLANKENSHIP ARE SERIOUSLY INJURED.

One man is dead and two are in a serious condition as a result of a road fight Tuesday afternoon between Buckholts and Marek.

The dead: Billie Hill, 21. The injured: John Hill, 45 and Keet Blankenship.

Sheriff Blaylock and Constable Sens called to the scene of the fight found the body of Billie Hill in a pasture near the road where he had crawled after the battle. An artery had been severed in his left arm and death resulted from loss of blood.

John Hill, father of Billie Hill, was badly cut about the body and face, a portion of his nose having been cut away. He was treated at the Cameron Hospital.

Keet Blankenship was severely beaten with an automobile jack. 3 ribs are said to be broken and he was otherwise injured.

Both Hill and Blankenship will survive. While there were witnesses to the fight responsibility has not been fixed. It is said that the men were in a car and Hill and son engaged in a quarrel. Blankenship is said to have sought to make peace and the fight followed.

An examining trial will be held as soon as the men recover.

### CAMERON STATE BANK GET FAMOUS SIGNS

AEROPLANE SIGNS CREATE SENSATION AND COMMENT IN TRADE TERRITORY

For unique sign advertising no greater effort has been made than the purchase here recently of road signs by the Cameron State Bank. The signs are in the form of aeroplanes, about eight feet in length and mounted on poles about ten feet high.

The plane contains signs on each side advertising the bank and its facilities for handling business.

The purchase of these signs marks a new era in outdoor advertising for Milam county and the bank is to be congratulated on its progressive move.

Geo. T. Graves, cashier of the bank, is well pleased with the signs and the comment upon them has convinced him they have been well received by the public.

### TRANSFERS MUST BE MADE BEFORE AUGUST 1.

Mrs. Kathryn K. Robbins, County Superintendent, requests all persons who desire transfers make application for same before August 1. The party making application to transfer must state in the application that it is the bona fide intention of applicant to send child to the school to which transfer is asked. All persons are urged to co-operate with their own trustees in order that each district may have as large enrollment as possible and have cause to feel a pride in its own school.

Attention is called to the fact that transfers will be made only before August 1st and none will be made by the county board after that time except emergency transfers. When transfers are made after August 1st they will be seriously crippling the work of the district from which the transfer is made and so, in justice to all, the law points, according to the mathematics, but why confuse life with geometry? Wait a minute!—Motor-

from the office of the County Superintendent.

### WATER COMPANY GIVES WATER TO NATATORIUM

BATHING POOL TO BE OPERATED THROUGH SEASON BY P. O. ADAMS.

Through the courtesy and public spirited policy of the Cameron Water, Power & Light Company, the bathing pool at the City Park will be operated through the season.

C. A. Everton, who managed the pool for several weeks, was unable to continue the resort on account of the difficulty in paying for the water. The City Council asked the water company to make concessions and the result is free water to the bathers.

The pool will be under the management of P. O. Adams who formerly operated the place. Under his management the pool was made to pay when charges were made for the water.

A circular has been issued showing the plan of operation and other data. The action of the water company insures operation of the pool and their action is commendable in every way and the people have been greatly benefited by it.

### 13 YEAR OLD FORD BOUGHT BY HUBERT HEFLEY MOTOR CO.

A Ford touring car 13 years in use was bought by the Hubert Hefley Motor Company from Mr. Lafere of Rosebud. The car was purchased in 1913 from F. S. Lesovsky, who was then Ford agent in Cameron. The engine number is 300,000 and now more than twelve million Fords have been manufactured.

The car is still in good running condition and may be seen at the garage.

## First Bale of 1925 Cotton Ginned Here Wednesday

Cameron's first bale of 1925 cotton was ginned here Wednesday by the Weems gin.

The bale was produced by R. O. Harper, who resides on the Calvert road near Jones Prairie. The bale weighed 486 pounds and was purchased by the Weems gin. The price paid was 26 1-2 cents and with the seed brought Mr. Harper \$158.84.

The bale was brought to Cameron and ginned at 3:30 Wednesday afternoon. The first bale last year was ginned about the middle of August. It is 30 days earlier this year. The crop is the shortest in the history of the county.

ATTENTION, LEGION MEN!  
You are invited to attend the District Meeting of the American Legion at Cameron, Sunday, July 19, 1925. State Legion Officials will be present at the meeting and a big day is planned. The principal address will be delivered by Adjutant General Mark McGee, State Commander.

THE PROGRAM:  
Services in all the churches Sunday morning—Patriotic Sermons.  
12:30 P. M.—Basket Dinner at Country Club.  
2:00 P. M.—Business Session at Country Club.  
3:30 P. M.—Address by Adjutant General Mark McGee in City Park.

### STAGE IS SET FOR THE GAUSE ELECTION TRIAL

KLAN AND ANTI-KLAN FORCES DIVIDED IN PROSECUTION OF SUIT.

Suit brought by Miss Hazel Thomas against the school trustees in Gause for a place on the board and also to open the ballot box has been set down for hearing in District Court Monday.

It is said that both sides are ready for trial and the case, one of wide interest will begin Monday.

Interest is intensified because of an indictment brought against H. Gaston who was judge of the election.

An injunction was sought to restrain the court from proceeding with the suit and to keep the attorneys from opening the ballot box. Both injunctions were denied by the court of civil appeals after appeal had been taken from the decision of Judge Watson in district court.

### TRIGGS OPENS STORE AT GILMER AUGUST 1

MOVE PART OF CAMERON STORES TO EAST TEXAS AND BUY GOODS FOR BOTH.

The Triggs Dry Goods Company will open a store at Gilmer, Texas, and expect to get the store in operation by August 1.

The store will be a branch of the Cameron store and a portion of the goods will be moved from Cameron.

R. A. Triggs and Ralph Head will manage the store at Gilmer and Mr. Triggs announces he will buy a new stock of goods soon for the store there and also for Cameron.

### STATE COMMANDER AND OTHER OFFICIALS HERE

BASKET DINNER AT COUNTRY CLUB AND ADDRESS AT PARK 3:30 P. M.

Legion members from the 6th congressional district will be expected to attend a meeting of the legion in Cameron Sunday, July 19.

Adjutant General Mark McGee, state commander of the Legion; W. M. Boynton, president of the district organization; State Adjutant Folbre and other high officials of the legion will be here.

Gen. McGee will deliver an address in the City park at 3:30 Sunday afternoon following a business session at 2 p. m. in the district court room.

A basket dinner will be served at the Country Club at 12:30 p. m.

Legion members residing in Cameron and the county are expected to bring a basket. The baskets are expected to be at the Country Club by 2:05.

A serving committee of 18 ladies and a number of legion men will have charge of the dinner. The entire program has been arranged so as not to interfere with the church services and the pastors will be asked to preach patriotic sermons and announce the program from the pulpits.

Invited guests include: college mates of Gen. McGee who is an attorney and resides at Brownwood, W. M. Boynton resides in Corsicana and Mr. Folbre resides in Dallas.

The Rockdale Post will co-operate with the Cameron Post in the celebration.

At a meeting of the Post Tuesday night all arrangements were made and committees are named.

Confederate veterans are invited and all ex-service men in the county are invited.

Hon. A. J. Lewis, district attorney, will make the speech of introduction, at the park Sunday afternoon. Mr. Lewis is an ex-service man.

The dinner will be served free—an old time basket dinner. There will be free ice water and free cold drinks on the ground.

The committee on arrangements are as follows: A. F. Mitchell, chairman; Geo. Cone, W. J. Michalka, J. B. White, John B. Henderson, J. C. Tucker, E. B. Hess, Burlington; W. E. Lamm, E. H. Walston, J. D. Kirk, H. M. Akers.

The reception committee will be as follows: J. B. White, chairman; A. J. Lewis, Preston Laird, T. S. Henderson, Jr., E. B. Hess, Ray O'Neill, J. D. Kirk, E. H. Walston, Homer Turner, Percy Deihl and W. C. Morris, Rockdale; Henry Kuzel, Marek, Noel Yardley, Harvey Carmichael, Ben Arnold; A. F. Mitchell.

General McGee will arrive by auto and the committee is expected to meet at the hotel at about 9 o'clock to meet the distinguished visitors.

Special invitations have been sent to a number of invited guests including the Confederate veterans.

The Legion is grateful for the use of the Country Club. The meeting is expected to be of great benefit to the Legion.

A troop of Boy Scouts will be asked to participate in the program.

One feature of the program at 3:30 following the address of Gen. McGee will be the presentation of a silver medal to John Rodell of House Mr. and Mrs. Nabors have Hearne who won the first prize in many friends in Cameron who will regret their departure for Oklahoma, test. This medal is in possession of the Cameron Post. This ceremony will be arranged if it is possible for John to attend.

Miss Susie Bell Aycock has accepted a position with the Fidelity Abstract Company. She is a graduate of the Yoe High school, and has many friends in Cameron.

### H. H. GASTON GIVES BOND AND CASE FILED IN COURT

CIVIL SUIT BY MISS THOMAS SET FOR MONDAY, JULY 20 TO BE TRIED

An indictment has been returned by the grand jury in District Court for Milam county against H. H. Gaston of Gause who was election judge in the school trustee election held there in the spring of this year and which is being contested in a suit brought by Miss Hazel Thomas one of the candidates who was declared defeated.

Sheriff L. L. Blaylock placed Gaston under arrest Friday in Gause. According to Sheriff Blaylock the arrest was made in the klan hall where about ten men were gathered when the sheriff knocked on the door and entered.

Gaston was placed under \$1500 bond and the following men are sureties on the bond: F. D. Fowler, O. D. Baker, candidate for comptroller in the late primary and former member of the legislature; H. M. Walker, B. B. Gaston, C. S. Critchfield, J. D. Jones, W. D. Angell, and G. C. Walker.

The suit brought by Miss Hazel Thomas of Gause for the office of school trustee has been set down for trial in District Court Monday July 20. In her suit Miss Thomas alleges fraud in connection with the election and supports her suit with affidavits from 139 voters who say they voted for her. The official returns credit her with only 69 votes.

Miss Thomas is opposed to the Klan and was backed by the anti-Klan voters. The case has been before the court of appeals at Austin through an injunction sought by defense counsel to restrain the court from opening the ballot box and also to force the district court here to dismiss the case.

The case will be tried here beginning Monday and a brilliant array of counsel has been secured for both sides.

### JOE MIDDLETON WILL MANAGE CHEVROLET CO.

W. H. NABORS GOES TO OKLAHOMA TO MAKE HIS HOME IN THE FUTURE

Joe Middleton, who has been with the Cameron Chevrolet Company for the past several months as salesman and assistant to the manager, has been made manager of the business to succeed W. H. Nabors who will return to Oklahoma this week on account of the health of his son, Don Nabors.

Mr. Middleton is well known here as a business man, having been in the grocery business here for a number of years, owning the business now known as the McLane & McLane Grocery.

Mr. Middleton retired from the grocery business on account of his health and went to West Texas, regaining his health and strength he returned to Cameron where he engaged in business for the Cameron Chevrolet Company.

The business is owned by John W. Hearne who won the first prize in many friends in Cameron who will regret their departure for Oklahoma, but wish them the good fortune of the return of health to their son who has suffered for many months from asthma.

Friends of Mr. Middleton will be pleased to learn that he has succeeded to the management of the business. With him will be Miss Jernisha Perers, who has charge of the dress office.

## Boy Scout News

This is to thank the people of Cameron for giving into the hands of the scoutmasters enough money so that there was no individual expense for each scout.

The first questions that each of you will ask a scout when you meet him on the street are: "Did you have a good time?" "What did you do while you were there?" Perhaps they will not have time to tell you so I will endeavor to reproduce the program of the camp so far.

The camp consisted of scouts from Marlin, Rosebud, Rockdale, Hearne, Calvert and Cameron. The scouts from the other towns arrived in camp on Saturday afternoon but Cameron scouts did not arrive until Monday morning July 6. The same questions came up that comes up on every scout camp, which is that the scouts want pleasure to be paramount and the scoutmasters say that discipline must be maintained on this camp, and the scoutmasters seemed "hard-boiled" at once.

The first day was spent in arranging ourselves to the tent rules in general. For the first day and half the plan of mixing up the scouts from different towns was tried but so much dissatisfaction was aroused that the troops were entirely reorganized and scouts from the same town were put in the same troops. The Marlin scouts were the "Daniel Boone" troops, the Hearne and Calvert scouts were the "De Sota" troops, Rockdale and Rosebud combined were the "David Crockett" troops and Cameron scouts were the "Dan Beard."

There were more scouts from Cameron than from any other town. And as a whole the Cameron scouts were the best dressed. The scouts from Cameron were as follows: Geo. Adams, Thad Bailey, Robert Baskin, Thomas Collier, William Collins, Gene Crowell, Edwin Day, Prothro Dierr, Roy Esslinger, Francis Esslinger, Andrew Freeman, Herbert Freeman, Grady Gill, Frederick Graves, Thomas Graves, Preston Graves, Leland Hayes, Monte Holder, Robert Love, Edward Love, Frank McCown, Scarbrough Mayfield, Cyrus Miller, Dwight Moody, Don Neighbors, William Newton, William Morrison, Alois Plentl, Morris Pogue, Kenneth Rogers, R. B. Rylander, Charles Schweg, Guy Slocumb, Earl Tate, Chalmers Terry, Montague Triggs, William Wallace, Mason Wier, Paul Watson. The scoutmasters from Cameron were J. P. Love, C. H. Pollard and J. C. Tucker.

For the first two days we went to "Murphers Hole" on the river about a two-mile hike from camp to go in swimming but this was a poor place so on the third day we went to Belton which was only about half a mile from camp.

Because of the change of water many of the scouts wanted soda water but the scoutmasters refused them.

On the first hike some of the boys determined to have soda water or die so they ran the lines and went into town which was about half a mile from camp. The scoutmasters scented a rodent and the next night J. P. Love and three assistants went into town and caught 15 rule breakers.

We hiked three and a half miles to Riverside swimming pool on the third day and had an enjoyable swim.

On the fifth day we marched out to Baylor College and were greeted by the girls and members of the faculty.

During all this time Mr. Knox, the camp director, and scout executive, was giving lectures and demonstrations on rope work, archery, tracking and all phases of scouting.

On Monday night July 11 the Cameron scouts had watermelon, peach and grape feast at Riverside. The peaches and grapes were furnished

by Kenneth Rogers.

On Monday noon the scouts entertained the Lions Club and a sculpture work typifying the Lions Club was presented to them by the maker Don Neighbors.

On Tuesday noon the scouts entertained the Rotary Club and a similar work of sculpture was presented to them.

On Thursday night the big Indian Council ring was held and many people from Belton attended. It was a beautiful performance, but more will be told in next week's issue of this paper.

William Morrison.

### L. E. LAURENCE WITH INSURANCE COMMISSION OF STATE GOVERNMENT.

Friends in Cameron and Milam county of L. E. Laurence will be pleased to know that he has been appointed to a place of responsibility with the State Fire Insurance Commission at Austin.

In a letter to The Herald this week Mr. Laurence instructs a change in the address of his paper so it will reach him each week at 1109 Alameda Drive, Travis Heights, Austin, Texas.

He sends best wishes to all of his Milam county friends. His appointment to the place with the commission will be gratifying to his friends.

### SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

### LOCAL STUDENT GIVEN PRAISE FOR HISTORY CONTEST EFFORTS.

University Station, Austin, Texas.

My Dear Friend:

You will permit me to congratulate you on receiving special mention in the Caldwell Local History Contest. This means that you did work of merit. There were many essays submitted and it was extremely difficult for the judges to choose the best where there were so many good ones. Your essay will be published in the History Teachers Bulletin some time in the fall and a copy of this bulletin will be sent you then.

I sincerely hope that you will continue to gather the history of the community in which you live. The work that you have done has given you excellent training for future similar undertakings.

You will find herein our "Special Mention" check, which is but a meager expression of our appreciation of your work.

Very sincerely yours,

W. P. Webb,

Director Local History Contest.

The above letter was addressed to Kathryn Robbins, a junior student in Yoe High school.

ELERETA PEACHES from own private orchard ready from July 1st to 10th. Price \$1.35 per bushel for select peaches F. O. B. here. Send checks for as many as you need.

Jno. W. Shoemaker,

8-3t Winona, Texas.

### BACK HURT BAD

Lady Had Severe Pains in Back and Got Very Weak.

"I think very highly of Cardui for I have had great benefit from its use," says Mrs. Cora Nicholson, of Ware Shoals, S. C.

"I was in bed quite a while. It looked like my strength would not come back, and I suffered with severe pains in my back whenever I would try to get up. Sometimes I would scream out, my back hurt me so bad.

"My husband got me some Cardui and I took two bottles. Very shortly after I began to take it I could notice I felt better. I began to get stronger. My appetite was improving and I could see that I was much better.

"After I had finished the second bottle I was able to be up and do all my own housework, so of course I think Cardui is fine. It is the best tonic for women that I know anything about, and I am glad to recommend it. Not long ago I told a lady friend of mine about it, and it did her as much good as it has done for me."

At all drug stores.

**CARDUI**  
The Woman's Tonic

### A TALK WITH A CAMERON MAN.

Mr. Reed Tells Something of Interest to Cameron Folks.

There is nothing more convincing than the statement of someone you know and have confidence in. That's why this talk with Mr. Reed of Nolan Ave. and W. 8th street, should be mighty helpful here in Cameron.

J. J. Reed, grocer says: "My kidneys were in a disordered condition and acted much more freely than they should have. It was necessary for me to get up several times during the night to pass the secretions. This sort of thing prevented me from resting properly and when morning came, I was tired and all out of sorts. A friend told me of Doan's Pills and I started using them. One box put my kidneys in normal condition and made me feel 100 per cent better."

FOUND—A Balloon tire was found on Cameron-Rockdale road Sunday. Owner may call on Catholic priest, Rev. Geo. Appel, pay for the ad and get tire.

## THE AMERICAN LEGION BASKET DINNER

Sunday July 19, 1925 at  
Cameron Country Club

A meeting of Legion men from the 6th Congressional District.

### BRING A BASKET

All members of the American Legion are expected to bring a basket well filled to provide dinner for the guests and visiting Legionnaires

All ex-service men are invited whether members of the post or not. If you cannot bring a basket, do not stay away. There will be plenty for all FREE.

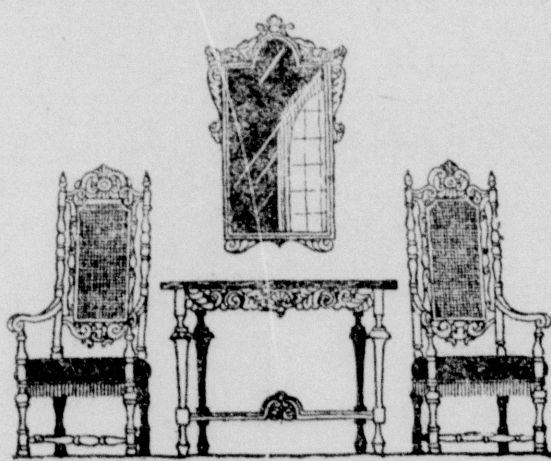

Members of the Legion who have families or who have convenient methods of preparing baskets are expected to bring them well filled. Baskets must be at Country Club by 12:05 p. m. Service men are requested to bring their wives and children. Confederate veterans are invited.

A serving committee composed of sixteen ladies and a number of Legion men will prepare and serve the dinner.

Dinner at 12:30 p. m. Business meeting District Court Room 2 p. m. Address by Adjutant General Mark McGee in City Park at 3:30 p. m.

At the Country Club: FREE ICE WATER, FREE COLD DRINKS AND FREE DINNER.

Don't Forget to Bring that Basket Full of Good Things to Eat.

### Are you Neglecting Your Home

The home is the foundation of the nation, and if we fail in right home making we fail as a nation.

We are in the home making business trying to render a real service in Cameron and Milam county. May we have your co-operation?

We carry almost everything for the home—our prices are always reasonable—we give the very best service we know how to give. Come and let us help you in your furniture problems.

**Cameron Furniture Co.**

### Ouch! Aching Joints, Rub Rheumatic Pain

Rub Pain right out with small trial bottle of old "St. Jacobs Oil."

Rheumatism is "pain" only. Not one case in fifty requires internal treatment. Stop drugging! Rub soothing, penetrating "St. Jacobs Oil" right into your sore, stiff, aching joints, and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism liniment which never disappoints and cannot burn the skin.

Limber up! Quit complaining! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, and in just a moment you'll be free from rheumatic pain, soreness and stiffness. Don't suffer! Relief awaits you. "St. Jacobs Oil" is just as good for sciatica, neuralgia, lumbago, backache, sprains.

# STOP WASTING--OR FACE PAUPERISM

By WILLIAM E. KNOX  
President, American Bankers Association

William E. Knox

The American standard of living, the highest in the world, came easily in the past from the abundance of our natural wealth.

but it can be maintained in the future only by drastic national economy in the use of that wealth. We have grown up to our resources. We can not afford to waste them any longer. Industrially we have got to stop wasting, but even more so have we got to stop the wastefulness of our personal habits.

The paramount challenge to education in America today calls for the effective teaching of personal economics—for education in the management of personal incomes so that they will give every individual a good living during his productive years and provide certain security for the non-productive years of his old age.

Forty-four million people, two-fifths of our population, are gainfully employed in the United States, earning more than \$60,000,000,000 annually. The management of the expenditure of this \$60,000,000,000 annual pay check is the biggest and most important business in America. It has been estimated that upwards of \$10,000,000,000 of this personal income is wasted annually. More than a billion, it is estimated, disappears in foolish speculation in fake schemes.

The spirit of waste in America is a heritage of the past, but today the country has more than one hundred and fourteen million people to support and no nation's resources can withstand extravagance indefinitely. An increase in population will mean a reduced average of personal wealth unless intelligent management maintains a progressively more economic utilization of the national income.

To teach our people this is the task of education and it can not begin to meet the task a moment too soon. The advance of civilization makes man's existence a more and more serious business. Human responsibilities and duties increase each year. If progress has made life more abundant it has also made it more expensive. It is impossible for most men to increase their real wages. Therefore they must meet their added responsibilities out of more economic employment of what they get.

The schools must teach our young people so to manage their own personal affairs as to insure that they will lead lives that have an economic worth to society and to themselves. Business must provide plans for its workers to enable them not only to earn but also to save so that the teaching of the schools will not prove an illusion in practice. Do these things and we will have no pauperism in America. Neglect to do them and we will ultimately develop pauperism,—a nation's worst social crime.

## STRAIGHT TALKS WITH AUNT EMMY

ON HAVING MONEY ON HAND

"Aunt, why is it such a good thing to have cash in the bank?" asked Jane of Aunt Emmy. "Mr. Wilkins was talking to father yesterday and he said that every one ought to have a certain amount of cash on hand."

"He meant that if you keep some of your money in the bank where it can be had any time you might be able to use it to excellent advantage," said Aunt Emmy. "Every now and then a good opportunity presents itself to make a nice profit in some business deal if you only have the cash on hand so you can act quickly. Don't you remember about that quarrel the Brown brothers had over their inheritance and to settle it sold that house in Center Street? Old Peter Haskins bought it in for \$3,000 and the next week sold it for \$4,200. If he hadn't had the cash on hand he never could have made that handsome profit."

"Yes, Aunt, that's all right for Mr. Haskins, but I'm never likely to have \$3,000 or \$4,000 on hand."

"Well there are other little ways to make a profit," said Aunt Emmy. "For instance, you can always benefit by cash discounts. That is, if some one asks you to pay, say \$100 for a thing, you can usually get it for less, sometimes ten per cent less, if you pay at once in cash. You always should have some of your money in cash so that you can take advantage of golden opportunities and cash discounts."

A. B. Aymes.

### BANKERS HELP

Mason County, Mich., bankers are backing the county move to replace scrub stock with purebred cattle. The plan as outlined by the county agent is to purchase young purebred sires and place them wherever a farmer is found who is willing to undertake the proposition. The bankers will advance the purchase price and take a note for one year without interest. The idea is to make it as easy as possible for the farmers to procure thoroughbreds.

## UNDER THE COURT HOUSE DOME

L. B. Fikes, county treasurer, is on the sick list this week, having been confined to his home for several days. Mr. Fikes was elected treasurer of the county in the late July primary and so decisive was his majority that no run-off was necessary despite the fact he had two opponents. Mr. Fikes has been a cripple practically all of his life, but despite this fact has to his credit as many days of usefulness on the farm as any other man in Milam county to his age. He was born and reared on the farm, knows the toll that comes with it and has won his place in the sun by his own strong spirit and determination. He is well fitted for the place he holds and in his election to the office has the confidence of the Democrats of the county. With Mr. Fikes as first assistant in the office is Mrs. John W. House, who for several years has been in the office and with her assistance the office is administered efficiently and to the entire satisfaction of the county. The many friends of Mr. Fikes will be pleased to learn that his condition is improving.

Judge Ed. F. English, elected to the office of Justice of Peace last year is justifying the faith of Democracy in his service with the court. While Judge English has been on the firing line for many years his age has not impaired his usefulness and his sparkling wit and keen perception of judicial questions have placed his court in favor with the administration at the court house and with the public. Judge English is a stickler for fundamental questions of democracy as well as law. Frequently he has set aside opinions of courts, giving procedure that same and sure ground of fundamental cleavage that recognizes the rights of all. Red tape never flourishes in his court. Not unlike Judge Kenesaw M. Landis, if he has no precedent he makes one, not only sustaining Justice but expedites its administration. Judge English is a veteran of the civil war, has lived an active and full life, revered by friends and with many distinctions accorded him. He has served as justice of the peace prior to his election last year, as a member of the legislature, and was appointed postmaster by Woodrow Wilson, during the time the federal building was erected. As a Civil War veteran he helps to keep alive the memories of a vanished empire, a domin-

ion he loves and saw fade out in deathless glory as a soldier of the lost cause.

Ray Law, tax collector will be in Austin for a few days attending the annual convention of the tax collectors for the state. It will be an experience for him because while there he will study the methods of other counties and gather information that will be of great benefit to him in administering the affairs of Milam county office. His ambition is to serve the people creditably and in this he is succeeding well. This trip to the convention as explained by Mr. Law is not one of pleasure but one to help him make a better tax collector for the people of Milam county.

Longfellow spoke of the lives of great men who left their footprints on the sands of time. The good works of men live after them is what the poet was talking about. How fine must be the satisfaction to feel that one's work will live after you. The court house dome shelters many worthy individuals and efforts but none greater than A. F. Mitchell, who during the past seven years has done much to shape the commercial destiny of Milam county by giving us a system of good roads. An engineer of note his work has been inestimable in value to the county. His coming to the county gave us the first definite plans for a uniform and efficient road system. Not only has his influence been felt in the road program of the county, but it has been felt in a wide range of social and civic affairs. As head of the American Legion the influence of that organization has contributed much to the community. He is secretary of the association of county engineers of the state and a prominent figure in the work of that body which in turn has its influence upon the good roads movement in Texas. Mr. Mitchell is widely interested in enterprises throughout the state and with his business experience has some emoluments that accrue to but few men. He likes his profession and gives it his undivided attention. His hobby is the Legion. He served for a number of years on the executive committee of the state and has been active in national legion affairs. He will attend the national convention in October.

## RALPH KEITH, CAMERON BOY SCORES SUCCESS IN HOUSTON ATHLETIC MEET.

Ralph Keith, son of Mr. and Mrs. H. C. Keith, has just returned from Houston where he enjoyed an encampment at the Camp Ross Sterling Jr. Ralph took part in the 4th of July program and received two life score badges, one from the Junior Y. M. C. A. and one from Junior Red Cross. Cecil Keith of Houston received two badges also from the Senior Y. M. C. A. and one from the Senior Red Cross. Ralph's friends will be pleased to know how he took advantage of the training and sports in the camp. Besides swimming, there were also other contests as will be seen from the program copied from the Houston Post-Dispatch:

The events in which Ralph scored are given below, a large portion of the program being omitted for lack of space. The events follow:

Class 1, diving—(graded on basis of 25).  
Plain sail—Ralph Keith, 24; Lee Cleather, 23 1-2; Jack Groat, 21.  
Full swan—Lee Cleather, 24; Ralph Keith, 23 1-2; Jack Groat and Richard Matthews tied with 21.  
Back dive—Ralph Keith, 23; Lee Cleather, 22; Jack Richardson, 19.  
Jack knife—Lee Cleather, 23; Ralph Keith, 22 1-2; Jack Groat, 21.  
The results of track meet follows:  
Class 1, 50-yard dash—First place, Ralph Keith; second place, John

### NOTICE CONTRACTORS.

Class 1, baseball throwing contest—Ralph Keith, 171 feet; Lee Cleater, 164 feet 10 inches; Harry Schirmer, 159 feet.

The totals of the track meet follow: McCreary, 5; Johnson 13; Chamberlain, 15; Keith, 39.

## RED PEPPER HEAT ENDS RHEUMATISM

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any good druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

## Evans' Corner

Just keep on keeping sweet is all we can do, and if you do that you've done a man's job.

We would appreciate a gully washer and stump mover. We will get it some time, and you want to be able to see that rain fall. Have your eyes examined and some new lenses fitted. Keep on smiling or grinning. "All's well that ends well."

nis tournament of the National Intercollegiate Tennis Tournament and happened to see Baylor and Texas University play. Among the other interesting things he visited was the University of Penna. house where Betty Ross made the first flag, Benjamin Franklin's grave, League Island Navy Yards, William Penn's Mansion and Fairmount Park which contains three thousand acres.

Upon leaving Philadelphia he left for New York. He had gotten a little used to the large stations so he walked out without being stopped. He also heard of the largest hotel in the world being right across from the Penn. Station so he thought he would try it out. He stepped in the door and a funny feeling came over him, but he managed to recover and found he had secured a room stroyed and sold for about ten dollars and also found that they weren't a ton. The money is examined 26 letting him out for nothing. He said times and is then started for ship-he stood it for two nights and document points, to banks, etc. The next cided he would move but anyway he thing he visited was the capital. He had the pleasure of being in a fine claims he saw everything in the cap-hotel. Then he went to the Wool-ital but could not start to describing worth building to see if he could it. He said he went to the Presi-see anything. It was a clear day and dents office and the Senate Chamber he found the world laid before him and House of Representatives. He eyes. The mass of people below also went in at the White House but looked like so many ants walking visitors were not allowed but in cer-around. The Hudson River was as tain parts. Another interesting thing busy as any of their streets. After is the Washington monument which realizing the fact that he was as is over five hundred feet high, made close to heaven as he would ever get of white stone, and cost one million he started out for the Statue of Lib- and three hundred thousand dollars. erty. Chinatown, memorial is another pretty building is perhaps the most interesting in Washington.

thing in New York. He said he would not venture down in this place without a guide, so one was secured and he was shown their gambling places, theatres, secret tunnels and trap doors. Most of these have been closed up since peace has been sig-red between the leading kinds of Chinese. He was shown where a missionary was found dead and for which there is still a ten thousand dollar reward for the arrest of the Chinaman who committed the crime. The guide also took him up in a Chinese temple where a light was burning which had never gone out for over twenty years. There were also two cups of tea which were filled every night at twelve o'clock. There he said were pictured many of the peculiar beliefs practiced by the Chinamen.

The Chinaman to whom the tem-ers.

From Chicago he went to New Orleans, where he only stayed a few hours seeing many of the old French forts and the peculiar graves which are very beautiful. Nearly all the graves are on top of the ground in large vaults. From there he came home only stopping to visit his grand-parents a few hours in Austin county.

This is all I could get out of my friend besides a few comments on the heavy traffic on the streets of these large cities. He says they must be a little behind with their hauling. He also said Wall Street or Broadway in New York did not look as good to him as the little streets in Cameron. He says a Southerner has no place that far north.

Hoping you enjoyed this little article a fourth as much as I did the trip, I am,

Cameron for me,  
Harry Tag.

## Keep Hens on Farm Advice Produce Man

S. P. DOGGETT OF PETER COM-  
PANY SAYS POULTRY ES-  
SENTIAL TO FARM.

While drouth conditions are severe and present a problem that is vexing to farmers, hens and stock poultry should be kept on the farms says S. P. Doggett of the Peter Produce Company.

Recently sale of poultry began and included the marketing of all sizes and ages of chickens. At this rate he farms will soon be depleted of stock poultry.

Mr. Doggett says that the company is paying the best market price for the poultry, but much stuff is being sold that has little or no market value but essential to stock on the farm.

The company advises against the sale of hens. "They are the farmer's best friend," said Mr. Doggett, "and should be kept on the farm."

The expense is small for keeping poultry and Mr. Doggett says that his line of Superior feeds have not advanced materially and can be relied upon to save the poultry of the farm.

## NOTICE TO CONTRACTORS FOR ROAD AND BRIDGE CON- STRUCTION.

Sealed proposals addressed to Giles L. Avriett, County Auditor for the improvement of certain highways in Milam County, will be received at the office of Giles L. Avriett, at Cameron, Texas, until 10:00 o'clock a. m. July 17th, 1925, and then publicly opened and read.

## DESCRIPTION OF WORK TO BE DONE.

Building drainage structures, necessary grading and graveling in Road District No. 6, Milam County, Texas.

Detailed plans and specifications of the work may be seen for examination, and information may be obtained at the office of A. F. Mitchell, County Engineer at Cameron, Texas.

A certified, or cashier's check for 5 per cent of amount of bid made payable without recourse to the order of Jeff T. Kemp, County Judge of Milam County, must accompany each proposal, as a guarantee that the bidder, if successful, will enter into contract and make bond in accordance with requirements of the specifications. The right is reserved by the party of the first part to reject any and all proposals or to waive all technicalities.

## SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to  
Bring Back Color and  
Lustre to Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

## HUGHES DEEP SPUDDING IN TUESDAY

BIG DEVELOPMENT PROGRAM  
OPENS IN MILAM CO. AND  
INTEREST GAINS.

Tuesday on the J. W. Foster farm one and a half miles southwest of Branchville in Milam county, and about ten miles from Cameron the J. K. Hughes Development Company spudded in for a deep test well to go 3000 feet with standard drill.

The spudding in of this well opens the development program for which leasing has been in progress for the past six months. As much as \$15 per acre has been paid farmers for wildest acreage in that section. Mr. Hughes has about 5000 acres blocked for the test and declares that if oil is to be found in that section he will find it.

Adjoining this development project the Sun and Simms Oil Companies as well as the Texas Company and other large companies have blocked up acreage. The Hughes deep test is said to be located on what is considered extraordinary geological structure. Aside from the drilling of a deep test by the Sinclair Oil Companies on the Smith farm east of Cameron none of the large companies have spent any money in the Milam county field.

When the well was spudded in Tuesday a number of business men from Cameron were present.

Recently more than \$250,000 was spent in this section of the county for leases and it was practically certain that the county will get a thorough test for deep oil.

With increased development in the Minerva field seven miles from Cameron the annual receipts will run about one million dollars.

The Hughes test is located in a sandy land section of the county where land values are much below the black land belts and farmers have reaped a rich harvest from lease during the past few months. Practically every foot of land in Milam county is now under lease.

C. W. Tyson was in Cameron Saturday and said that the Hughes well is located a short distance from his farm which is also under lease.

No. 2165.

## THE STATE OF TEXAS.

To the Sheriff or any Constable of Milam County—GREETING:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Milam State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof.

## NOTICE OF APPOINTMENT OF TEMPORARY GUARDIAN. THE STATE OF TEXAS.

To all persons interested in the welfare of Lilly Mae Beard, Bertha Adeline Beard, Arta Mishia Beard, minors, Mrs. S. E. Beard was, by the County Court of Milam County, Texas, duly appointed Temporary Guardian of the estates of said Minors, which appointment will be made permanent, unless the same shall be successfully contested at the next term of said Court, commencing on the first Monday in August A. D. 1925, the same being the third day of August A. D. 1925, at the Court House thereof, in Cameron, Texas, at

## LOUIS S. PIERCE OPENS NEW STORE AT KINGSVILLE

CAMERON MERCHANT INVADERS  
VALLEY IN EXPANSION  
PROGRAM.

Louis S. Pierce has established a dry goods business in Kingsville and expects to get the business open by the first of August.

The store to be opened there is a permanent store and will make three stores to have been established by Mr. Pierce in the course of his business career. The other stores are at Cameron and Navasota.

A consignment of goods from the Cameron store was sent to Kingsville to fill the needed items for the stock.

Mr. Pierce is now in Kingsville and will be there until the business has been launched.

C. W. Bradbury of the Cameron store has just returned from a vacation trip. He is one of the most successful among the young business men of Cameron and has made business for the Cameron store.

## STUDEBAKER IS NOW A ONE PROFIT AUTOMOBILE

JOE J. MICHALKA MAKES STAR-  
TLING ANNOUNCEMENT OF  
STUDEBAKER VALUE.

A one-profit automobile is the way Joe J. Michalka says it in an announcement covering a page in this issue of The Herald relative to the new Studebaker automobile and its manufacture.

Some surprising facts are contained in this announcement and should be read by every one interested in this great industry.

By the one-profit car Mr. Michalka shows the remarkable manufacturing facilities of the Studebaker corporation, how it not only manufactures its motor and chassis and other equipment but manufactures the bodies and every part and item going into the car, being one of two manufacturers of automobiles that makes everything complete in its own plant. By this concentration and facilities the Studebaker, according to Mr. Michalka, is a one-profit car and sells more than practically every make for the money involved.

The announcement will be of interest. It shows how the Studebaker eliminates the profit on a dozen or more important items going into the manufacture of automobile under the system of assembling.

which time all persons interested in the welfare of said Minors may appear and contest such appointment, if they see proper to do so.

Herein fail not, but have you before said Court, on the said first day of the next term thereof, this Wait, with your return thereon, showing how you have executed the same.

Witness, Lilian Atkinson, Clerk of the County Court of Milam County.

Given under my hand and the seal of said Court, at office in Cameron, Texas, this the 2nd day of July A. D. 1925.

LILIAN ATKINSON,  
Clerk County Court Milam County,  
Texas. 10-3t

## BILIOUS SPELLS

Kentucky Man Finds Relief  
from Dizzy Attacks.

"I suffered with severe bilious attacks that came on two or three times each month," says Mr. J. P. Nevins, of Lawrenceburg, Ky.

"I would have dizziness and couldn't work."

"I would take pills until I was worn-out with them. I didn't seem to get relief. After taking the pills my bowels would act a couple or three times, then I would be very constipated."

"A neighbor told me of Black-Draught and I began its use. I never have found so much relief as it gave me. I would not be without it for anything."

"It seemed to cleanse my whole system and made me feel like new. I would take a few doses—get rid of the bile and have my usual clear head, feel full of pep and could do twice the work."

Made from pure, medicinal roots and herbs, Black-Draught is nature's own remedy for such symptoms as the above, when due to a torpid liver.

Sold everywhere; 25c. C-32a

Mrs. L. M. Phipps of Maysfield was in Cameron on business Tuesday.

Mr. and Mrs. Earl Kinnerly of Austin visited Mrs. Kinnerly's mother, Mrs. Bell Stallworth on Sunday.

Mrs. Thad Epperson and little son, Albert Stewart, of Houston are guests in the Epperson and Sapp homes this week.

H. Hartsfield was in Cameron Monday.

Misses Lois Mays, Louise and Ruth Duncan visited relatives in Cameron Monday.

Mr. and Mrs. L. Gohmert spent the fourth in Bellville.

Miss Alice Ward of Bryan is visiting her aunt and uncle, Mr. and Mrs. W. B. Skelton.

Miss Sylvia and Willie Bee Arnett of Kerens are visiting their aunt Mrs. J. R. Hays.

Misses Winnie and Agnes Henderson, Miss Hattie Lake and Mrs. G. P. Barron spent Tuesday in Temple.

Mr. and Mrs. H. C. Keith spent the week-end in New Braunfels with Mr. and Mrs. John Lovin.

Mrs. I. Thompson and Mrs. M. McClure are in Cameron at the bedside of their mother, Mrs. Jennie Smith.

Mr. and Mrs. F. A. Marek and daughters, Misses Olga and Viola, have returned home after a week's visit in New Braunfels, San Antonio and Medina Lake. They report an enjoyable trip.

Miss Viola Marek again resumes her duties with the Central Loan Company after a two-weeks vacation.

Mr. and Mrs. F. A. Marek and family motored to Temple last Sunday and spent the day.

Miss Theresa Jensen is spending her vacation at Shiner with relatives and friends. Miss Jensen is assistant to Miss Annie Stallworth in the plant of the Fidelity Abstract Company.

Dick Clark has returned home from a two weeks vacation at Kennedy and other points. He is now at his post of duty with the Fidelity Abstract Company.

Mr. Stallworth Weaver of Austin is in Cameron the guest of his grandmother, Mrs. Isabella Stallworth and his aunt, Miss Annie Stallworth of the Fidelity Abstract Company.

S. W. Burton of Fort Worth, supervising construction foreman for the company, was in Cameron this week looking over the property of the local exchange and the guest of C. S. Peyton, manager of the local exchange.

Miss Kathryn Robbins was the winner of a prize in the Caldwell history essay contest. Her subject was: "The Milam County Court House."

The judges were from universities of Louisiana and Oklahoma, and Dr. S. S. McKay of Furman University.

Mr. and Mrs. A. L. Peterson have returned from their bridal trip and are guests of Mr. and Mrs. C. H. Euby.

Mrs. Madora Letcher of Dallas is the guest of her sister, Mrs. H. F. Smith.

Mrs. H. E. Munnell is the guest of her daughter, Mrs. Paul Webb.

Misses Dorothy Denson, Harriet Flinn, Cassie Joe Ledbetter of Yoakum, Lena Bell Baskin and Sue Griffin Webb are enjoying a progressive house party this week.

Mrs. Walter Clark, who was injured in a fall last week at San Gabriel is resting easily in the home of her grand daughter, Mrs. Leo Wilkerson. Grandma Clark's many friends wish for her a speedy recovery.

There will be services at the Presbyterian church Sunday, July 19, at 11 a. m. and 8 p. m.

Mrs. J. D. Cone will leave Saturday for a visit with her daughter, Mrs. Rance Asbury of Cisco.

Favorable reports of Mr. Andrew McLane's condition reach his sons in Cameron from the hospital where he is being treated.

Miss Mollie Alien and Mrs. Denson went to church in Maysfield Wednesday.

## It's the Young Folks who are judges for Good Sodas

And when you see our place crowded with young folks—there's a reason. Ask any dainty miss or her gallant lad, where you can get the best sodas and sundries in town. Then follow their advice and come here. We serve all the popular summer drinks in a clean, sanitary way. Nothing but the purest ice creams and freshest fruit flavors used.

# Don't Gamble With the Law

## Know Your Bank Balance and Avoid the Embarrassment and Consequences of a Bogus Check Writer

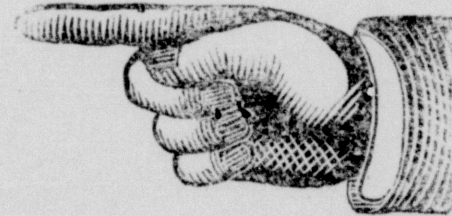

The Check Artist

FROM SECTION 4, ARTICLE 1442, REVISED CIVIL STATUTES—STATE OF TEXAS. . . .

Article 1422. Certain Wrongful Acts Included—Within the meaning of the term "swindling" are included the following wrongful acts:

1. The exchange of property upon the false pretense that the party is the owner or has the right to dispose of the property given in exchange.
2. The purchase of property upon the faith and credit of some other person upon the false pretense that such other has given the accused the right to use his name in making the acquisition.
3. The obtaining by false pretense the possession of any instrument of writing, certificate, field notes or other paper relating to lands, the property of another, with the intent that the property owner shall be defeated of a valuable right in such lands.
4. The obtaining by fraud by any person of any money or other thing of value with intent to defraud by the giving or drawing of any check, draft or order upon any bank, person, firm or corporation with which or with whom such person giving or drawing said check, draft or order has not at the time of the giving or drawing said check, draft or order, or at the time when in the ordinary course of business such check, draft or order would be presented to the drawee for payment, sufficient funds to pay same and no good reason to believe that such check, draft or order will be paid; provided, that if said check, draft or order is not paid on presentation the return of same shall be prima facie evidence of the fraudulent intent of said person drawing or giving said check; and provided further, that if such check, draft or order is not paid . . . after the same is returned unpaid, it shall be prima facie evidence that no good reason existed for believing that said check, draft or order would be paid, and it shall also be prima facie evidence of intent to defraud and knowledge of insufficient funds with the drawee.
5. The special enumeration of cases of swindling above set forth shall not be understood to exclude any case which by fair construction of language comes within the meaning of the preceeding article.
6. This act shall be cumulative of all other laws on the subject and should any section or provision be declared unconstitutional, such decision shall not affect any of the remaining provisions of this act.

This advertisement, subscribed to and paid for by the merchants and banking institutions of Cameron is not directed to the thousands of honest people whose checks are as "good as gold."

It is out of consideration for those thousands of honest people who use the check as a convenient method of paying bills for merchandise or for cash that this advertisement is being published by the undersigned. It is not fair to look upon all checks with suspicion because of the questionable ones which at times are presented, nor will any such attitude be assigned.

The law is now written into the statutes of the State of Texas, and through its enforcement the professional passer of bad checks is going to be hurried out of existence.

Those people whose integrity is above question are requested to co-operate with the law—to be more careful—to avoid even the faintest suspicion of evasion; to be certain that every check issued is covered at the bank by sufficient funds.

# What the World Is Doing

(As Seen by Popular Mechanics Magazine)

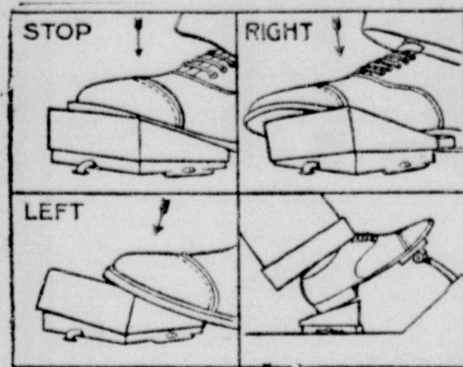

## Roadway Raised as a Barrier to Guard Crossings

Barriades operated by hydraulic pressure applied by the trains, have been suggested for prevention of accidents at railway crossings. They are to be constructed as triangular platforms elevated from the road level by the weight of the engine and cars, and sink back to a horizontal position when the train has passed. Vivid "Stop" signs on the sides, illuminated at night, would give motorists ample warning at a distance.

## Foot Switch for Car Signals Increases Auto Safety

Stop-signal and direction lights are flashed for the guidance of motorists by pressing a foot switch fitted on the bot-

tom of the car so that the driver need not remove his hands from the steering wheel. It may be operated either

by the heel or toe, pressure in the middle turning on the stop light and a turn of the foot to the right or left, making contacts that light the corresponding signal lamps. The switch is also adapted for opening electric latches on office doors, and for ringing call or alarm bells and buzzers. It is easily installed and has no parts likely to get out of order.

## Hundred Bolts of Lightning Flash Every Second

According to a London weather-bureau report, there are about 1,800 thunderstorms in progress every minute throughout the world, giving 360,000 lightning flashes an hour or 100 every second. Observations made from 3,000 stations, indicate that the earth experiences 16,000,000 storms of this character each year, about 44,000 daily. At certain posts in tropical countries, during the rainy seasons, distant thunder is such a common occurrence that the observer frequently forgets to enter it in his register.

## "Deadliest Ray" Is Reported

Said to be more destructive than any previous invention of its kind, a new death ray discovered by a German has an effective ground range of forty miles and operates to an altitude of more than 45,000 feet. Men and animals are rendered unconscious by the mysterious force of its waves, the paralyzing influence lasting for six hours, according to reports to the department of commerce.

## Oil Extracted from Locusts Lubricates Watches

Oil extracted from locusts is being used in South Africa as a substitute for porpoise oil as a lubricant for watches and other delicate mechanisms. The insects are fed into presses which crush them and the resultant oil is refined and allowed to stand for a year. Its quality is then determined by its color, consistency and odor. The solid matter remaining after the oil is extracted, is made into cakes that are used for poultry feed and defray much of the expense of making the oil.

## Improved Electric Stove

When one housewife wanted an electric stove, she took a tin can, 6 in. square and 6 in. high, and cut a slot, 6 in. long and about 1 in. wide, in one side with a can opener. One end was also cut open. The electric flatiron was slipped into the slot with the bottom up, as shown, and the stove was ready for cooking. All kinds of liquids may be kept hot on it, and it has various other uses.

## NOTICE OF FILING ACCOUNTS.

THE STATE OF TEXAS,

To the Sheriff or any Constable of Milam County—GREETING:

YOU ARE HEREBY COMMANDED to cause the following notice to

eral circulation which has been regularly published for a period of not less than one year preceding the date of the notice in the County of Milam, State of Texas, and you shall cause said notice to be printed at least once a week for the period of

twenty days exclusive of the first day of publication before the return day hereof:

NOTICE OF FILING ACCOUNTS—ESTATES OF DECEDENTS. THE STATE OF TEXAS,

To all persons interested in the

Estate of Lucia Myers, Deceased, W. L. Myers, Administrator, has filed in the County Court of Milam County his final account as such administrator, together with his application for the discharge of himself and the sureties on his bond, which will be heard at the next Term of said Court, commencing the first Monday in August, 1925, same being the 3rd day of August, A. D. 1925, at the Court House thereof, in the city of Cameron, at which time all persons interested in the said estate may appear and contest said account, should they see proper to do so.

HEREIN FAIL NOT. But have you then and there before said Court this writ, with your return thereon endorsed, showing how you have executed the same.

Given under my hand and the seal of said Court this the 8th day of July, A. D. 1925.

## Notice to Contractors

The board of Trustees of the Public Schools of the City of Cameron invite contractors to submit sealed bids for the work of remodeling the old school building in said city, in accordance with plans and specifications of DeWitt & Lemmon, architects, of Dallas, Texas. Plans and specifications of the work required may be obtained on or about July 20th from Frank Keen at the office of the architects, near the new school building now under construction in Cameron. Mr. Keen, representing the architects, will furnish information in detail relating to the bids, the date they will be opened, requirements to be complied with, etc.

The Board reserves the right to reject any and all bids.

Respectfully,

### Board of Trustees, Cameron Public Schools

# SOCIETY NEWS

BY MRS. JEFF T. KEMP

## ASSISTANT INSTRUCTOR MUSIC DEPARTMENT.

One of the youngest assistant instructors in the music faculty at Southern Methodist University this fall will be Miss Dora Poteet, 19 years old, it was announced by a faculty member Monday. She was graduated from S. M. U. in June with the degree of bachelor of music. She will be assistant instructor in organ under Mrs. J. H. Cassidy. Miss Poteet is now organist at the First Methodist Church South.

The above clipping from Tuesday morning's Dallas News, appearing under the picture of Miss Dora Poteet, brought the good news of her good fortune to her Cameron friends. Miss Poteet is the niece of Mrs. Geo. Tiffany Moore and Miss Mollie A. Moore of Cameron.

## MRS. FLORIS CRISWELL ENTERTAINS.

A charming hospitality was arranged to honor the visit of Mrs. J. B. Rector by Miss Floris Criswell of Buckholts on Friday.

Mrs. Rector and her two daughters, Virginia and Marion of Shreveport, La., spent several days with Mrs. Criswell last week. Miss Dollie Lisk, cousin of Mrs. Rector, was also a house guest. A splendid day party brought many friends together and many happy hours were spent renewing old friendships. At noon an abundant buffet luncheon was attractively served. In the afternoon several ladies joined the party, and hand painted score cards, the artistic handiwork of Mrs. Charles Williams, were passed for a series of games of 42. After the games came refreshments of punch and cake, then dancing to music furnished by J. D. Lewis. Among those present were: Mrs. Leonard Lewis and E. C. Buck of Cameron, Mrs. W. B. Thomas of Rogers, Mesdames Sam Mewhinney, J. D. Lewis, Raymond Bryant, Charles Williams, J. R. Slovacek, Bosque Penhens of Buckholts and the honor guests Miss Dollie Lisk of Brenham and Mrs. J. B. Rector of Shreveport.

## HOOBS-HOLZBAUR.

Mr. Henry Holzbaur and Mrs. Ida Hooks announce their marriage on Saturday the fourth of July, on thousand nine hundred and twenty-five, at San Antonio. At home 20 West Woodlawn Avenue.

## JACKSON LAWRENCE

Mr. Fred Jackson and Miss Alice Lawrence were married on Wednesday afternoon July 1, 1925 by Rev. E. S. Hutcherson at the Baptist parsonage. Mr. Jackson is well known in Cameron where his friends are legion. He is now holding a responsible position with the Duke and Ayers Company. Miss Alice is the charming daughter of Mr. and Mrs. C. W. Lawrence. She is a graduate of the Yoe High school, attended Milford College and last year studied at the State University.

## METHODIST MISSIONARY SOCIETY.

Monday afternoon a meeting of the Woman's Missionary Society was held in the church. Mrs. Willard McCall led the devotional exercises. A short business session was held. Mrs. Doggett conducted the mission study from China's real revolution. Assisting her were Mesdames Rylander, Alford, Baskin and Clinton. Mrs. Robert Terry and Mrs. Joe Lindsey were hostesses and served sandwiches and led fruit link.

R. L. Brown and Miss Freddie Lee Link were married Thursday morning a complete account of the wedding will appear in the next issue.

## MRS. J. C. TUCKER ENTERTAINS

Mrs. J. C. Tucker entertained Tuesday morning with an informal 42 party, honoring Mesdames Smith and Royal of Bryan who are guests of Mrs. S. A. Cottle. A delightful series of games were enjoyed, but no prizes awarded. A salad and ice course was served. Mesdames A. L. Peterson and A. Templeton were out of town guests.

## PRESBYTERIAN AUXILIARY.

After a business session Monday afternoon members of the Presbyterian Auxiliary were led by Mrs. Graham Gillis in Bible study of the book of Revelations.

## LOYAL WOMAN'S COUNCIL.

In the home of the president, Mrs. W. H. Tucker, the Loyal Woman's Council met on Monday in business session.

## W. M. U.

The Baptist Woman's Mission Union met Monday afternoon in groups or a session in Royal Service.

Circle No. 1 met in the home of Mrs. John Mayfield. Mrs. Martha Shepherd led the service.

Circle No. 2 met in the home of Mrs. A. N. Green who led the study.

Circle No. 3 met with Mrs. Ed Flinn. Mrs. J. F. Howard led the lesson. Fourteen members were present.

Circle No. 4 held no meeting.

## CHRISTIAN ENDEAVOR PICNIC.

Thursday evening a large crowd of the members of the Christian Endeavor enjoyed a picnic in the Wilson pasture. Miss Mary McDermott, director, provided the program, and assisted by Mrs. Kathryn Robbins and her sister, Mrs. Lena Hoy of San Antonio, shaped. After a splendid supper and a program of stunts and games the party motored back to their homes.

Mr. and Mrs. Finley Yardley of Saint Louis who have been guests of Mr. Yardley's parents in Ben Arnold and Mrs. Yardley's relatives in Thorndale, were guests in the home of Mr. and Mrs. Giles McDermott of Cameron. On Friday afternoon an elegant dinner was served in their honor.

Members of the Baptist church enjoyed a get-together meeting on the church lawn and a watermelon feast Thursday evening. Friends of other denominations were present to partake of the splendid feast which all will long remember.

Saturday evening a porch party honoring two charming Cameron visitors, Miss Eva Cathryn Rayzor of Denton and Miss Lou Davis of Tucson, Arizona, was given on the veranda of the Watson home. The guests were largely drawn from the young college set and the hospitality was most delightful. Iced punch was served while games of 42 were in progress and near the close of the evening pleasures peach ice cream and angel food cake were enjoyed.

Mr. and Mrs. Joe Lindsey recently attended a dinner on the Bospue river near Waco, given in honor of Mrs. Lindsey's parents, Dr. and Mrs. G. F. Anderson, by their sons and daughters and kinsfolk. Sixty-seven guests were present and enjoyed the feast and beautiful sylvan surroundings.

## NOTICE TO WATER USERS AT THE CEMETERY.

The Herald has been requested by S. W. Law, secretary and treasurer of the Cemetery Association, to call attention to users of water in the cemetery that care should be taken not to leave the hydrants open as his results in a waste of water and sometimes injury to the cemetery. It is also expensive and no one gets full use of the water.

## TRUCKS ARE DISPLAYED BY HEFLEY MOTOR CO.

## NATIONAL TRUCK WEEK OBSERVED WITH PARADE AND TOUR OF TERRITORY

National Truck Week for the Ford Motor Company was observed this week by Hubert Hefley Motor Co. in Cameron with a display of Ford commercial cars and a parade through the city and a tour of the trade territory.

The tour was made Wednesday and all models of trucks and commercial cars were used in the parade.

There was the truck chassis, take and delivery bodies, roof and green cars, trailer and regular commercial truck.

Employees of the Hubert Hefley Motor Co. conducted the tour and on the trucks were advertising signs. The parade attracted considerable attention.

## SULPHUR CLEARS A PIMPLY SKIN

Apply Sulphur as Told When  
Your Skin Breaks Out

Any breaking out of the skin on face, neck, arms or body is overcome quickly by applying Mentho-Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist. Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Rowles Mentho-Sulphur and use it like cold cream.

Watch Repairing and  
Fine Engraving

## Magnolia Wildcat Looks Like a Big Producer

## EDWARDS LINE STRUCK AND WELL SHUT DOWN

## EXCITEMENT HIGH OVER REPORTED SHOWING IN WILDCAT.

The Magnolia Petroleum Company wild cat deep test south of Rockdale was reported Thursday to have entered the Edwards line and looks good for a producer.

The well was shut down and officials of the company summoned to the spot.

An oil showing has been obtained

at the depth and the chances are said to be good for a producer.

Big play is assured for Milam county now that the Hughes test and Sims Oil Company test have been spudded in near Branchville and Port Sullivan.

## Honor of Home Plea of Jack Moore

Jack Moore, now on trial in District court for the murder of Mann Davis, which occurred on May 18 on the farm near San Gabriel, testifying in his own behalf said that he shot Davis because the honor of his home

was at stake.

Mrs. Jack Moore testifying for her husband said that Davis had attempted to assault her and had insulted her.

The line of defense developed caused a sensation. Moore had not made any statement other than that he had shot Davis.

The body of Davis was found in the field by officers and a negro on the place. He had been shot twice with a shot gun.

District attorney Jack Lewis is being assisted in the prosecution by Chambers, Wallace and Gillis. Moore is defended by Sen. A. E. Wood of Cranger and O. D. Graham of Thorndale.

The court room has been crowded a capacity since the opening of the trial. It is expected that the trial will be concluded Friday.

## Auto Tires Cause Drouth Is Waco Man's Theory

Automobile tires and pneumatic level, but as we ascend into higher reservoirs are daily lessening the altitudes, this pressure becomes chances for rain by lightning the air lighter the higher we go," he explained. "The condensing of moisture is the theory of E. C. Smith of Waco.

Simultaneous release of all compressed air will cause a rain within 12 to 24 hours, believes Mr. Smith, who points out that danger of a flood can be avoided by pumping up the tires, refilling compressed air tanks, and proportionately lightening the atmosphere.

"In the study of physics we learn that there is an atmospheric pressure of 15 pounds to every square inch of surface on the human body and everywhere on earth at, say, sea

be surprised how much better the outlook will be.

Live that others may live, be happy that others may be happy and above all confidence and faith in the God almighty who rules the elements and shapes the destinies of his children.

Money is a material necessity for exchange, but is nothing in the spiritual world and has no value as to producing results.

History proves that in every instance no matter how bad the financial disaster, even to the extent of completely wiping away the industries of a community, the silver lining on the cloud of prosperity hovered near to take the place of desolation and despair. It will come out all right.—Bastrop Advertiser.

### THOUGH ONLY ONE VOTER VOTES, ELECTION IS LEGAL.

In an election held in the Valley View School District, near Nocomia, Texas, to determine whether the school tax should be raised from 50c on the hundred dollars valuation of taxable property to not exceeding \$1 for school purposes, only one vote was cast in the election. That one voter favored the tax and the tax levy was ordered carried by the commissioners court of the county who canvassed the returns. A question as to the legality of the election was raised but the court ruled that since only one patron of the school appear-

ed at the polls to vote that the election was legal and that the issue to raise the tax had carried by one vote. There being no vote cast against, the result was declared unanimous.—Thorndale Champion.

### TALKING TOO MUCH ABOUT THE DROUTH.

It makes no difference what the future holds in store for a community, its people cannot stop. Its like nation or an Empire, the removal of the greatest leader only places the next best in the limelight and things keep moving.

People must plan their work together. Obstacles must be overcome and the strides of progress continue. Our people are blessed with one thing above all others and that is

health. No plagues or contagious diseases are prevalent to keep the community from exerting every energy and common sense optimism to overcome the situation.

How many have said, "Give me my health and I'll be all right." It seems that we've got it, and energy, ambition and faith are all at our command to use them at will.

Meet the situation with a smile and a determination to pull through it. Meet your neighbor with a smile and a pat of confidence and you will

	\$227,876.76

# Your Best Friend Keep Her---

Time and many tests have proven the HEN to be the best friend and money earner the farmer has.

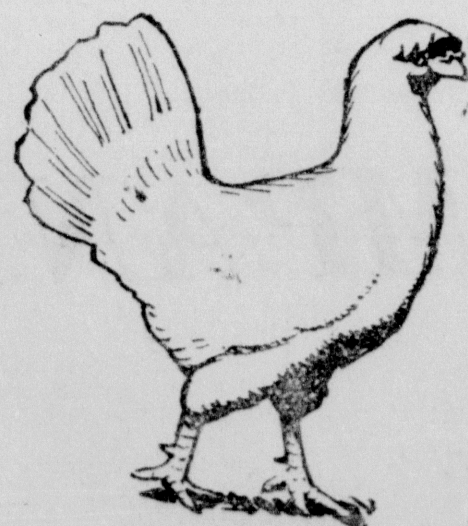

Continued sale of hens and all other stock poultry because of the drouth conditions will deplete the farms of one of their greatest assets and we believe the farmers and poultry men should keep their hens.

Do not sacrifice your poultry stock because of adverse conditions. While the Peter Company maintains the best market for produce and pays cash at all times, we have the utmost interest in the welfare of the farmers and will assist them in

every way to keep their poultry stock and to sell only that portion that is marketable and not egg producing.

### Superior Feeds

Sold at a price lower than all other feeds, have not advanced and farmers and chicken raisers will find that if they buy their feed here they can keep their hens. Don't sacrifice your hens but buy SUPERIOR FEEDS and keep them on the farm so that when Spring comes you will have the benefit of cash money for eggs.

# PETER PRODUCE CO.

## How Does This Appeal to You Mr. Business Man?

This Newspaper maintains at heavy expense all modern facilities for handling your volume of advertising all of which costs you nothing. In addition this newspaper has fortified against claims of the mail order printing and engraving houses by providing the best in this kind of service.

Banks, Business Firms and Professional Men—all—You can buy your printing needs at home. Don't preach Home Industry as Good Doctrine for your patrons and buy your supplies out of town.

## WHY OUR GREETING CARDS ARE READILY BOUGHT

Every greeting card in our line represents the earnest thought and endeavor of many different experienced greeting card workers.

Before we accept a greeting card, it must measure up to the following tests:

"Does it express its message humanly and sincerely? Is its color scheme striking and attractive? Is it superior to the average greeting card? Is its sentiment different? Can it be sold at an interesting price?"

All of the designs that do not measure up to these standards are discarded at once and only those which pass the severe criticisms of several expert greeting card designers are allowed to go into the line.

This is the reason that every card we have is a potential sales producer. Most of the cards in the line are the result of the best thoughts and efforts of our extensive corps of expert greeting

card designers, sentiment writers and master engravers.

There is far more to our greeting cards than just an unusually beautiful engraving and pretty paper. Every card represents an elegantly expressed message of good-will and thoughtful remembrance. This is what our customers immediately see when they took over our samples.

They are favorably impressed with the clean-cut, bright, snappy colors, the suggestive Christmas designs and the warm-hearted sentiments.

Every one of us is successful only to the extent of the good-will which we create among other people. Our Christmas and New Year greeting cards are powerful good-will builders.

The personal cards cement the good-will of our personal friends while the business designs develop the good-will of old customers and create good-will among those people we are trying to sell products or service.

## STOP WASTING--OR FACE PAUPERISM

By WILLIAM E. KNOX  
President, American Bankers Association

The American standard of living, the highest in the world, came easily in the past from the abundance of our natural wealth.

William E. Knox

but it can be maintained in the future only by drastic national economy in the use of that wealth. We have grown up to our resources. We can not afford to waste them any longer. Industrially, we have got to stop wasting, but even more so have we got to stop the wastefulness of our personal habits. The paramount challenge to education in America today calls for the effective teaching of personal economics—for education in the management of personal incomes so that they will give every individual a good living during his productive years and provide certain security for the non-productive years of his old age.

Forty-four million people, two-fifths of our population, are gainfully employed in the United States, earning more than \$60,000,000,000 annually. The management of the expenditure of this \$60,000,000,000 annual pay check is the biggest and most important business in America. It has been estimated that upwards of \$10,000,000,000 of this personal income is wasted annually. More than a billion, it is estimated, disappears in foolish speculation in fake schemes.

The spirit of waste in America is a heritage of the past, but today the country has more than one hundred and fourteen million people to support and no nation's resources can withstand extravagance indefinitely. An increase in population will mean a reduced average of personal wealth unless intelligent management maintains a progressively more economic utilization of the national income.

To teach our people this is the task of education and it can not begin to meet the task a moment too soon. The advance of civilization makes man's existence a more and more serious business. Human responsibilities and duties increase each year. If progress has made life more abundant it has also made it more expensive. It is impossible for most men to increase their real wages. Therefore they must meet their added responsibilities out of more economic employment of what they get.

The schools must teach our young people so to manage their own personal affairs as to insure that they will lead lives that have an economic worth to society and to themselves. Business must provide plans for its workers to enable them not only to earn but also to save so that the teaching of the schools will not prove an illusion in practice. Do these things and we will have no pauperism in America. Neglect to do them and we will ultimately develop pauperism,—a nation's worst social crime.

## STRAIGHT TALKS WITH AUNT EMMY

### ON HAVING MONEY ON HAND

"Aunt, why is it such a good thing to have cash in the bank?" asked Jane of Aunt Emmy. "Mr. Wilkins was talking to father yesterday and he said that every one ought to have a certain amount of cash on hand."

"He meant that if you keep some of your money in the bank where it can be had any time you might be able to use it to excellent advantage," said Aunt Emmy. "Every now and then a good opportunity presents itself to make a nice profit in some business deal if you only have the cash on hand so you can act quickly. Don't you remember about that quarrel the Brown brothers had over their inheritance and to settle it sold that house in Center Street? Old Peter Haskins bought it in for \$3,000 and the next week sold it for \$4,200. If he hadn't had the cash on hand he never could have made that handsome profit."

"Yes, Aunt, that's all right for Mr. Haskins, but I'm never likely to have \$3,000 or \$4,000 on hand."

"Well there are other little ways to make a profit," said Aunt Emmy. "For instance, you can always benefit by cash discounts. That is, if some one asks you to pay, say \$100 for a thing, you can usually get it for less, sometimes ten per cent less, if you pay at once in cash. You always should have some of your money in cash so that you can take advantage of golden opportunities and cash discounts."—A. B. Aymes.

### BANKERS HELP

Mason County, Mich., bankers are backing the county move to replace scrub stock with purebred cattle. The plan as outlined by the county agent is to purchase young purebred sires and place them wherever a farmer is found who is willing to undertake the proposition. The bankers will advance the purchase price and take a note for one year without interest. The idea is to make it as easy as possible for the farmers to procure thoroughbreds.

## NOTICE TO CONTRACTORS FOR ROAD AND BRIDGE CON- STRUCTION.

Sealed proposals addressed to Giles L. Avriett, County Auditor for the improvement of certain highways in Milam County, will be received at the office of Giles L. Avriett, at Cameron, Texas, until 10:00 o'clock a. m. July 17th, 1925, and then publicly opened and read.

### DESCRIPTION OF WORK TO BE DONE.

Building drainage structures, necessary grading and graveling in Road District No. 6, Milam County, Texas.

Detailed plans and specifications of the work may be seen for examination, and information may be obtained at the office of A. F. Mitchell, County Engineer at Cameron, Texas.

A certified, or cashier's check for 5 per cent of amount of bid made payable without recourse to the order of Jeff T. Kemp, County Judge of Milam County, must accompany each proposal, as a guarantee that the bidder, if successful, will enter into contract and make bond in accordance with requirements of the specifications. The right is reserved by the party of the first part to reject any and all proposals or to waive all technicalities.

LOST—Driving gloves with brown gauntlet. Finder return to Miss Jeff Lewis.

## OFFICERS TAKE TWO YOUTHS FOLLOWING ROBBERY IN CAMERON.

Sheriff Blaylock made two arrests Monday following the robbery of the filling station and garage business of Fred J. Matula.

Mr. Matula went outside to sell some gasoline to a customer. When he returned he found that his cash drawer had been robbed of more than \$50.

It was said at the sheriff's office that the young men arrested were connected with one of the road gangs now doing highway work in this county.

Sheriff Blaylock made an arrest Tuesday night in which a pistol was taken from a young white man. The man paid a fine.

### FORMER ROCKDALE BOY KILLED IN ACCIDENT.

Jasper (Jack) Jenkins, age 20 was killed when his motor truck overturned near Normangee Tuesday of last week. He was employed by a road contractor, who had the remains sent to Rosebud and interred, decedent having recently made his home in Rosebud.

Young Jenkins was born and reared around Rockdale, leaving here a few years ago. He was a nephew

of Real Delavergne of this city, and leaves a sister, Miss Bertha Jenkins living west of town.—Rockdale Reporter.

### HOW TO QUALIFY FOR A POSITION

The Government, like every big employer in the country, is short of help. Like every big employer, Uncle Sam is, thru his employment bureau, the Civil Service Commissioner, advertising for young men and women to carry on his tremendous business enterprise. And he is offering some wonderfully attractive salaries, too, with exceptional opportunities for advancement.

The United States Government's demand for young people to be trained to fill the many openings it has in all parts of this country and its foreign possessions, paying excellent salaries, prompted the Tyler Com-

mercial College to arrange a course that was not only practical but so planned that the students would not have to spend months in preparation. This course can be mastered in from three to five months' time, enabling you to successfully pass the examinations of the government. Fortunately for both the students and the school, examinations in all branches of Civil Service are held in Tyler every month of the year.

Training for positions with Uncle Sam is not a difficult matter. There are many graduates of Tyler Commercial College employed by the government. Any young person wishing to take advantage of the opportunities offered at the nation's capital, and all over the states, should enroll now for the General Civil Service Course and get the training that will make examinations easy and appointment practi-

cally assured.

The General Civil Service Course may be taken alone or in combination with the Business Administration and Finance, General Railroad, General Western Union, Penmanship, Radio or with any other courses.

"Achieving Success in Business," the most interesting book published for the ambitious young people, will be sent to you free. This book tells of the opportunities offered by Uncle Sam and the other great employers. Just fill in the coupon printed below and mail it today for the free book.

(We have no branch schools anywhere. We lead; others follow.)

## WOMANLY AILS

Kentucky Lady Got Well  
After Taking Cardui.

"I got down in health—suffering from womanly troubles which caused me much pain and worry," says Mrs. Rhoda Canary, of R. F. D. 6, Owensboro, Ky. "My stepmother had taken Cardui when she was in my same condition, so I got to inquiring around among my friends about it and found several women who were taking it at that time."

"They all told me how good it was, so I told my husband to get me a bottle to try. That night he came home with a bottle of Cardui."

"I had a . . . which left me in a very serious condition. I had been in bed eight weeks and was unable to move in bed without help."

"By the time I had taken half a bottle (of Cardui), my strength began to come back. I could sit up in bed."

"I finished up that bottle and by that time I was able to walk across the floor. I continued taking Cardui for several months and I got well."

At all drug stores. C-31

## Natatorium Now Open

## STATE BOARD OF HEALTH SAYS VACCINATE TYPHOID

### HOW TO PREVENT IT—WHAT TO DO ABOUT SANITARY CONDITIONS

The typhoid rate is still high in Southern States, this being due to the large rural population, and the difficulty of sanitary control in such sections. Forty years ago, 24 American cities had typhoid fever death rates ranging from 40 to 60 deaths per 100,000, but through the protection of water supplies, installation of sanitary sewer systems, supervision of food establishments, the pasteurization of milk, and the use of typhoid inoculation, the death rate from typhoid in these cities has averaged 3 per 10,000. In the Southern States, the death rate from typhoid in recent years has ranged from 10 to 21 per 10,000.

#### Typhoid Fever a Filth Disease.

Typhoid fever is a filth-borne disease which is communicated from one person to another by germs from the bowels of an infected person reaching the mouth of a well person. Typhoid fever germs may be transmitted through water, milk, by flies, "carriers" and other ways.

The water of wells and springs may be contaminated by soil seepage, or by entrance of surface water through unprotected tops.

In communities where open-back, insanitary closets are commonly used, flies are constant menace, as they crawl over this infected filth, and carry the germs on their hairy legs direct to adjacent homes.

It is estimated that probably 20 per cent of all typhoid cases are milk-borne. Health certificates for dairy employees, to eliminate the possibility of typhoid "carriers" handling milk, and milk pasteurization, have proven very effective in the prevention of milk-borne epidemics.

#### Prevention of Typhoid.

As it has been found that approximately 4 per cent of convalescent persons are "carriers" of typhoid, a laboratory examination of feces of persons recovering from this disease should be made to determine if the germs are still present in the excreta. The State Board of Health

offers this service free of charge to those desiring it.

In rural communities and towns without sewer systems, the building of pit privies instead of open back closets, is a splendid assurance against typhoid. This type of privy can be built at a cost of \$12 or less, and plans for building can be had free of cost by writing your state board of health at Austin.

It is quite often the case that typhoid fever is contracted by someone while on a camping trip or while on a hike through the country. Anyone anticipating trips of this kind should take the typhoid vaccination, and where this is not done, extreme care should be taken against infection. Where water for drinking purposes is obtained from wells or springs of unknown quality, it should be boiled before use, and it is also a wise precaution to scald milk before using, as heat kills the typhoid germs.

#### Vaccination.

Because of the various methods by which typhoid fever may be contracted, everyone should get immunity from this disease by vaccination. Our experience during the war, when out of an army of four million, only a few hundred fatalities resulted, shows the value of vaccination as an immunity against this disease.

Three relatively painless hypodermic injections given at intervals of from five to seven days, will give you this immunity. It would be the wise thing to have your family physician give you this immunization at once.

## CHEVROLET PRODUCTION RECORDS ARE BROKEN.

Detroit, Mich., July 15.—The Chevrolet Motor Company having established successful production records for April, May and June, will exceed by August 20 the total production for the entire year of 1924, it is announced by R. H. Grant, general sales manager.

Chevrolet production during 1924 was 305,303. During the first six months of 1925 the total production reached 246,081 or only 59,222 under the aggregate for the preceding year.

The company produced 54,944 motor cars and trucks during June, exceeding any previous June in its history. The total for the month was exceeded by only one month of Chevrolet production, October of 1923. Sales to dealers during June were 54,725. At the end of June there still remained 24,654 unfilled retail orders in the hands of dealers.

"I stated recently that the motor car industry was becoming stabilized: that the undesirable peaks and depressions of production were being flattened out," said Mr. Grant. "This statement is substantiated by the Chevrolet's production figures for the last three months.

"In April we produced 52,236 cars and trucks; in May 52,853 and in June 54,944. Thus we have a variation of only 2,708 units between the lowest and highest of the three months. And of even greater significance is the fact that our production crept up instead of down during a period in which past experience has led manufacturers to expect a decided decrease.

"Another significant figure is contained in the statement of the Na-

tional Automobile Chamber of Commerce that the May 1925 Chevrolet sales were 233.6 per cent of the May 1924 sales and that truck sales for the same month were 297.6 per cent of those for May 1924.

## DEATH TAXES AS BUSINESS KILLERS

Assistant Treasury Secretary  
Tells Fable of Fate of Two  
Successful Men.

Men cannot be expected to continue to work, day after day, increasing the productivity of this country and benefiting others, if they know that on death the major portion of their earnings will be dissipated in Federal estate and state inheritance taxes, declares Charles S. Dewey, Assistant Secretary of the Treasury, in the American Bankers Association Journal. He says:

"I am going to relate a fable in terms of modern business conditions. John Henry and Walter Brown were aggressive, hard-working men, and each had started business for himself.

"At the time this history opens, John Henry had just died, leaving his entire estate to his son, John Henry, Jr., and had appointed his old friend, Walter Brown, as executor. Prior to his death John Henry had moved to California, leaving his business in the hands of his son under whom it had continued to make excellent headway. The father had been doing a little speculating in oil. This venture had not proved successful and he was indebted in the sum of \$500,000.

"Executor Walter Brown, on examination of the estate, found the following situation:

Capital stock of Henry & Co., Inc., a Michigan Corp.	\$5,000,000
Personal debts due banks	500,000

"Walter Brown soon made the unpleasant discovery that in addition to the personal indebtedness of \$500,000, and administration expenses of \$250,000, the following death duties must be paid:

Federal estate tax	\$497,500
California inheritance tax	585,700
Michigan inheritance tax	122,000
Total	\$1,205,200

"Added to the personal debt and administration expenses, this made a grand total liability of \$1,955,200. The year was 1920. Money was tight. Other manufacturing companies in the same line which might have been interested in a purchase had no money for extensions nor were the banks in a position to handle a loan of this type. Here was a most successful business, built up from small beginnings by one man and carried on to further successes by his son, about to be placed under the hammer.

"Is there any justice in taxation that may force a man and his family to lose the fruits of his entire life's labor, and permit others to benefit? As a last resort, Henry, Jr., was forced into a bond issue. A loan, to settle the debts, administration expenses and death duties, of \$2,250,000 was negotiated, upon the following basis:

"The capital stock of the company was left at \$5,000,000 represented by 50,000 shares. First mortgage 8 per cent bonds were offered the public with a bonus of two shares of stock with each \$1,000 bond. The banker, to protect his bond customers, kept 30,000 shares to assure control of management, and John Henry, Jr., received the balance of 15,500 shares. John now has a good job as general manager of his father's old company, but they do not pay him very much.

"Now we must return to Walter Brown, executor of John Henry, Sr. Walter had always kept close to his own manufacturing business. The more he considered his own situation, the more closely it seemed to him to resemble that of his old friend.

"He therefore called a lawyer and made a complete schedule of his assets, requesting that an estimate of administration expenses and death duties be made. The schedule of assets was as follows:

Capital stock, Walter Brown Co.	\$4,000,000
Mich. Corp.	1,000,000
California real estate	500,000
Tax-exempt bonds, Minn., Mont. and Colo.	500,000
Total	\$5,500,000

"Within a few days Mr. Brown's lawyer made the following report:

Debts and admin. expenses	\$500,000
Fed. estate tax	\$710,625
Cal. inheritance tax	443,194
Mich. inheritance tax	200,400
Minn. inheritance tax	4,289
Mont. inheritance tax	4,486
Colo. inheritance tax	2,700
Total death duties	\$1,425,703
Total expenses	\$1,925,703

"On this basis the estate suffered a reduction from \$5,500,000 to approximately \$3,574,000, thus wiping out all assets except the corporate stock and placing a heavy loan on that. Mr. Brown had one son and, as he thought of John Henry, Jr., toiling away with little hope of opportunity he determined that he would not subject his own son to the same tribulations.

"Boom times having come, there was no difficulty obtaining a purchaser for Walter Brown & Co., and the California real estate was sold at a good price. The whole was invested in tax-exempt bonds which yielded a very safe return of about 4 1/2 per cent. Walter Brown then moved his legal residence to the more friendly climate of Florida, where state inheritance and income taxes are forbidden.

"The country suffers by the loss of effort which Walter Brown might have continued to expend under a more intelligent system of taxation. We must reform the tax system in such a way that business and industry shall not be hampered. We must make sure that American citizens shall not be deprived of the incentive to work and accumulate and that this country shall not cease to be a land of opportunity. A tax system which discourages initiative cannot be the right system for America."

## NOTICE SHERIFF'S SALE

By virtue of an order of sale issued out of the Honorable District Court of McLennan County, Texas, 74th Judicial District of Texas, on the 1st day of July, A. D. 1925, by the Clerk thereof in the cause of Shear Finance Corporation vs. Wm. J. Wanke, et al., being numbered 6827 on the docket of said court, and to me as Sheriff directed and delivered, I will proceed to sell for cash within the hours prescribed by law for Sheriff's sales on the first Tuesday in August, A. D. 1925, it being the 4th day of August, A. D. 1925 before the Court House door of Milam County, Texas, in the town of Cameron, Texas, the following described property, to-wit:

All that piece or parcel of land situate, lying and being in the County of Milam, State of Texas, and described as follows: On the Joe Moore league in conflict with the M. Davilla grant in Milam county, Texas; BEGINNING on the S. bank of Little River at the N. E. Corner of that tract of 55 acres conveyed by W. C. Caskey, et ux to Hugh L. Harris, et al by deed dated May 10th, 1897, of record in the Milam County Deed Records in Vol. 47, page 203, THENCE S 20 W 2470 varas to the S. E. corner of said 55 acre tract; THENCE N 70 W 342 varas; THENCE N 20 E 65 varas; THENCE N 70 W 286 varas; THENCE N 20 E 2345 varas to corner in the S bank of Little River; THENCE down said river with its meanders N 65 W 140 varas; N 45 E 90 varas; N 45 E 90 varas; N 32 E 80 varas; N 32 E 150 varas; N 10 E 130 varas; N 80 varas;

N 16 E 35 varas; N 55 E 20 varas; S 85 E 170 varas; N 42 E 100 varas; N 20 E 70 varas; N 15 W 30 varas; N 50 W 30 varas; N 80 W 30 varas; N 48 W 150 varas; N 30 W 40 varas; N 25 E 20 varas; N 14 W 100 varas; N 15 E 70 varas; N 57 E 40 varas; E 44 varas; S 63 E 140 varas; N 32 W 42 varas; S 15 W 230 varas; S 2 W 40 varas; S 21 W 140 varas; S 71 W 90 varas; S 10 W 90 varas and S 5 E 200 varas; S 31 W 268 varas; S 30 E 130 varas; S 40 E 31 varas to the place of beginning, containing 309 1-3 acres of land, and being the same land conveyed to R. H. Bush by T. O. Sybert by warranty deed dated Aug. 17, 1917, recorded in Vol. 142, page 345 of the Milam County Deed Records, to which deed and the record thereof reference is here made, and the interest and title of Wm. J. Wanke and his wife Mary J. Wanke, L. A. Nowlin, H. H. Bush, Oxsheer Smith, C. R. Turner and Nash-McLarty Motor Company, a corporation, had or held as of date September 15th, 1919, since and now, which said properties I have levied upon in obedience to the above order of sale as the property of Wm. J. Wanke and his wife Mary J. Wanke, to satisfy judgment amounting to the sum of Two Thousand and Eighty-five and 60-100 (\$20085.60) Dollars, together with interest thereon at the rate of eight per cent per annum from date of rendition of said judgment, and costs of suit; and the further judgment amounting to the sum of Nine Thousand, Seven Hundred and Fifty-eight and 24-100 (\$9758.24) Dollars, together with interest thereon at the rate of eight per cent per annum from the date of rendition of said judgment, and costs of suit.

GIVEN UNDER MY HAND this 8th day of July, A. D. 1925.

L. L. BLAYLOCK,  
Sheriff, Milam County, Texas  
11-4t By B. Slocumb, Deputy

## NOTICE.

Notice is hereby given that J. Milton Tucker has been appointed and has qualified as executor of the estate of J. M. Tucker, deceased, in Cause No. 2009 in the Probate Court of Milam county, Texas, styled Estate of J. M. Tucker, deceased. All persons holding claims against the estate of said decedent are notified to present the same to J. Milton Tucker, Executor, Room 309, Santa Fe building, Dallas, Texas.

## ACHING LIMBS

And Many Other Common Ills  
Relieved by Black-Draught.

Mrs. John Skaggs, residing near Lanes Prairie, Mo., on the Ozark Trail, says: "I have taken Black-Draught for a number of years, about fifteen, and it is about the only purgative medicine I ever take. It is the only kind that I've found that doesn't hurt me."

"I take Black-Draught for indigestion, for colds and headaches. I take it for aching in my limbs and shoulders. It helps this trouble. I take it for sour stomach."

"We think Black-Draught is splendid and never are without it in the house."

"I suffered with gas on my stomach that affected my breathing, and Black-Draught helped this trouble."

"For such common complaints, I think Black-Draught is the best medicine a person can use."

For millions of others, Black-Draught is their favorite liver and stomach medicine.

Obtainable everywhere. C-31a

## Standards of Character

Every modern banking institution strives to maintain a high standard of character in its officers and directors, and a reputation for straight-forward business dealings with its depositors.

And every bank expects the same high standards of character and reputation in the establishment of credit standing among its depositors.

Do not overlook the importance of these standards in building a substantial basis for credit at this bank.

2:00 P. M.—Business Session at Country Club.

3:30 P. M.—Address by Adjutant General Mark McGee in City Park.

## BUICK JOINS MOVE TO TRAIN NEW EXECUTIVES

CONTRIBUTION TO INDUSTRY  
REGARDED AS SIGNIFICANT  
OF GROWTH

One of the most significant features of the development of the automobile industry is the growing importance attached to the human phases of the industry and the greatly increased attention that is being paid to the training and development of executives for its organizations.

The automobile business in a few years has advanced from a position of comparative insignificance to one of the leading industries of the country due to the vision and the organizing and directing genius of its outstanding leaders. In this development organizations have expanded tremendously, machine methods of production have been highly perfected and the effectiveness of the direction of human forces has assumed greater and greater importance. It is now recognized that the most important element in the automobile industry is the executive and one of the most important problems is the selection and training of its junior executives.

Among the means that are being used in the industry in this connection, one of the most interesting, is the co-operative engineering course that is being conducted in co-operation with automobile and allied industries of Flint by the Flint Institute of Technology. This is a college course to which high school graduates are admitted for a four year training in the fundamentals of engineering and principles and methods of industrial organization and management with a view to developing executives for the cooperating industries.

The course is conducted on the co-operative plan with alternate periods of four weeks in the factory and four weeks in the institute. The work in the industries is a definite and important part of the student's training designed to give him a directed

experience and knowledge of industrial operations and industrial men so essential to the successful executive. Incidentally this work gives the student the advantage of a very considerable earning power during his course.

At the institute the work covers mathematics, chemistry, physics, engineering, drawing and other basic engineering subjects and also special courses in industrial history, economics, accounting, manufacturing methods, psychology and other courses related to industrial organization and management. This four-fold training in basic Engineering Subjects, in Industrial Management, a practical experience in industrial operations and a contact with industrial men, has been developed under the direction of advisory committees of the leading executives of the co-operating companies to insure a very thorough and practical preparation for executive work.

The results obtained from the course so far have proved to be very satisfactory and for the entering class next fall the number of students is being increased. The co-operating companies are the Buick Motor Company, Chevrolet Motor Company, A. C. Spark Plug Company, E. I. DuPont DeNemours Company, Marvel Carburetor Co., and Stewart Body Works.

### MEXICAN BAPTIST CHURCH

Sunday the 12, attendance 88. For baptism 8, by letter 11. Since the church has been organized we have baptized 24 and received by letter 5, a total of 30 additions. Service at Maysfield: attendance 56. Through The Cameron Herald I extend my heartfelt thanks to Mr. Atkinson for his kindness in furnishing the mission with the new benches. As we have new benches now we need on or two gasoline lamps for the mission. I hope that in some way our Heavenly Father will provide for same. He will.

F. A. Hernandez.

### BETTER SERVICE IS INAUGURATED BY THE SOUTHERN PACIFIC.

Station Agent Harris for the Southern Pacific in Cameron announces that on trains No. 51 and 52 between Waco and Yoakum that the old platform cars have been abandoned and that closed cars have been installed instead.

This is the beginning of an improved service in every way on the road, recently purchased by the Southern Pacific and formerly the Sap. While the Sap has always given good service there has been room for improvement in the quality of the passenger coaches.

We congratulate Agent Harris, who comes to Cameron from Gonzales, the cradle of Texas independence, and his company for the interest taken in the welfare of the patrons of the road.

### STOP THAT ITCHING

Sufferers from skin diseases such as Itch, Eczema, Tetter, Poison Oak, Ringworm, Old Sores or Sores on Children may find relief from the use of a jar of BLUE STAR REMEDY or their money will be refunded. The first application relieves that terrible itching. Will not stain clothing and has a pleasant odor.

### NOTICE OF APPLICATION TO LEASE MINOR'S LAND

Notice is hereby given that the undersigned, Mrs. S. E. Beard, temporary guardian of the estates of Lilly Mae Beard, Bertha Adeline Beard and Arta Mishia Beard, minors, has made application to the County Judge of Milam county, Texas, wherein said guardianship is now pending, for authority to make an execute an oil, gas and mineral lease on two certain tracts of land situated in Milam county, Texas, and described as follows, to-wit: 100

acres out of the Wiley Harrison one fourth league and 8 acres out of the Frederick Ernst survey and being all of the land owned by us in Milam county, Texas.

And said application will be duly heard by said County Judge on Friday July 10 1925, at his office in the

City of Cameron, Milam county, Texas, and this notice is published as directed by revised statutes of Texas. Witness my hand this 2nd day of July A. D. 1925.

MRS. S. E. BEARD,  
Temporary Guardian of the estate of said minors named herein.

"Nobody can say I  
wasted my money"--

Peter DePaolo—1925 Indianapolis Race Winner

This statement from the young race driver, who purchased a Buick a week after he wheeled his car to victory at Indianapolis and broke the record of that famous Speedway, sums up the nation-wide opinion of Buick.

For, just as DePaolo recognizes the superiority of valve-in-head engines for the race track and personal use, so too have more than a million everyday motorists recognized the dependability and performance of Buick and the Valve-in-Head type of engine upon which Buick has concentrated for 21 years.

De Paolo bought a new Buick with the motor car expert's discriminating eye for performance, for dependability and genuine value. And his purchase is further evidence of the regard in which Buick is so universally held.

## \$100,000 INSURANCE IS CARRIED BY R. L. BATTE

CAMERON BUSINESS MAN ONE OF 149 TEXANS INSURED FOR THIS LARGE SUM.

The name of a Cameron man, R. L. Batte, Sr., appears in the list of 149 Texans who are insured for \$100,000 or more, according to the Texas Index, just compiled by W. A. Galloway, editor of the Southland Life Insurance Co. publications. Only those who authorize their names in the Index are included in the list. Galloway estimates that at least 300 and possibly 500 Texans are insured for \$100,000 or more.

Houston heads the list with 37 insured for a total of \$7,745,000. Dallas runs a close second with 35 insured for \$7,111,000 and El Paso is third with 15 insured for \$3,205,000. Other cities with five or more insured for \$100,000 or more are: Beaumont, Fort Worth, San Antonio, Waco and Wichita Falls. The total insurance carried in the group of 140 men and women is \$26,721,900. The names of two women appear on the list.

"Not all the names of policyholders whose lives are insured for \$100,000 or more are in this Index," says Callaway in a foreword. "But this list is growing larger each year as larger policyholders realize that the Index is an object lesson to the inadequately insured. It is the forward looking man who insures his life, whatever the sum of the insurance. And when these permit the use of their names as advocates of a great system of self help, they have rendered a distinct service to the community and state as a whole."

### SUMMER COMPLAINT AMONG CHILDREN

There seems to be an epidemic of summer complaint or dysentery among children and grown people around Cameron this summer. If you or your children suffer from this trouble, we will sell you a bottle of Baby Tone as a guarantee. This is different from the ordinary treatment as it neutralizes the acid condition of the stomach and bowels. Contains Bismuth which

### Hall's Catarrh Medicine

Those who are in a "run-down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. **HALL'S CATARRH MEDICINE** is a Combined Treatment, both local and internal, and has been successful in the treatment of Catarrh for over forty years. Sold by all druggists. P. J. Cheney & Co., Toledo, Ohio.

### METHODIST CHURCH.

Rev. W. W. Richardson, D. D., a professor of Southwestern University will preach Sunday, July 19 at 11 a. m. and 8 p. m. The pastor is out of town for a few days vacation.

The special musical numbers for the day will be an anthem at the morning service and a solo by Mrs. A. J. Triggs at the evening hour.

Don't forget that we are featuring the Wednesday evening prayer services. Our attendance is now larger than ever before.

On Wednesday evening July 22nd, our efficient and popular choir under the direction of Mrs. C. S. Peyton, will have charge of the prayer meeting service. Mrs. Clinton will preside at the pipe organ. Our male quartette will sing and other special musical numbers will be given. Date July 22; hour 8 p. m. Come.

### Help Kidneys By Drinking More Water

Take Salts to Flush Kidneys and Help Neutralize Irritating Acids

Kidney and bladder irritations often result from acidity, says a noted authority. The kidneys help filter this acid from the blood and pass it on to the bladder, where it may remain to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread; the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it because they can't control urination. While it is extremely annoying and sometimes very painful, this is often one of the most simple ailments to overcome. Begin drinking lots of soft water. Begin drinking lots of soft water. Begin drinking lots of soft water. Begin drinking lots of soft water. Begin drinking lots of soft water.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by acid irritation. Jad Salts causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink which may quickly relieve your bladder irritation. By all means have your physician examine your kidneys at least twice a year.

### THE STATE OF TEXAS.

To the Sheriff or any Constable of Milam County—GREETING:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Milam State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof.

# Now a— One Profit Car

## In The Quality Field

STUDEBAKER HAS ACHIEVED ONE-PROFIT MANUFACTURE IN THE QUALITY FIELD. THIS MARKS A NEW ERA IN THE AUTOMOBILE INDUSTRY. STUDEBAKER'S ACHIEVEMENT ELIMINATES UNNECESSARY PROFITS RUNNING UP TO \$500 ON A SINGLE CAR. IT BANISHES DOUBLE OVERHEAD. IT RESULTS IN QUALITY PRODUCTION OF QUALITY CARS. IT VITALLY AFFECTS PRICING BY ESTABLISHING A NEW CRITERION OF VALUE IN THE FINE-CAR FIELD.

Twenty-five years ago practically all "manufacturers" of automobiles were nothing more than assemblers. They purchased their motors, bodies, tops, axles, etc., from part makers who were the manufacturers in reality. Some few makers maintained shops in which they machined castings and forgings purchased outside.

On this basis it is easy to become an automobile "manufacturer," and more than five hundred makes of automobiles have had their day in the American market and disappeared. They are represented only by "orphan cars" with practically no resale value in the hands of the public.

Notwithstanding this writing on the wall many manufacturers still assemble their product, piling profit upon profit for the ultimate purchaser to pay. Each profit which a maker pays for a body builder or parts supplier enters into his costs just as though he had spent the money for steel or plate glass or upholstery. Although it represents no value he not only passes it on to the purchaser but figures his own profit on top of it.

Less than a dozen concerns selling automobiles today can with truth be designated as manufacturers, and less than one half dozen build their cars completely. All the others buy big important parts of their cars, such as bodies, engines, axles, etc., from other manufacturers.

—O—

The Ford is a one-profit car and reigns supreme in its field.

In the fine-car field Studebaker—and Studebaker alone—now offers the American public one-profit values.

During the past seven years, when demand for automobiles exceeded supply, Studebaker has been plowing earnings back into plants and machinery until we are now able to make this announcement.

Foundries, stamping mills, machine shops, are now complete. As final links in the chain of one-profit production, the enormous Studebaker body plants have been operating for months at peak capacity. Resources totaling one hundred million dollars are concentrated on the production of this one-profit car.

No other individual manufacturer in the world (except Ford) possesses such facilities for the complete manufacture of automobiles.

That is why Studebaker is able to put finer steel, finer wood, finer upholstery, better workmanship, hundreds of thousands of miles of reserve transportation, into every car—yet keep down the price to you.

This sound manufacturing principle not only holds down price, but it insures a better car regardless of price. The car is not a patchwork, but a unit. The body, for instance, is an integral part of the car, built to conform to a chassis

freely designed and engineered for maximum efficiency.

Last year at the New York and Chicago automobile shows four well known automobile manufacturers exhibited coaches mounted with

### WHY STUDEBAKER IS THE "ONE-PROFIT" CAR

There are more than 60 makes of passenger cars built in the United States, but very few are manufactured complete in the plants of the producers who sell them.

Only 42 build their own motors—and one of the 42 is Studebaker.

Out of the 42 which claim to make their own motors many merely machine and assemble the parts made by others. Only 14 out of 42 make the iron castings, stampings and forgings which go into their motors—and one of the 14 is Studebaker.

Only 5 make all their own bodies and one of the 5 is Studebaker.

Only 3 make all their own springs, steering gear, differentials, gear sets, and clutches—one of the 3 is Studebaker.

Only 2 make all their own motors, bodies, clutches, springs, axles, gear sets, differentials and steering gear. One of these two is Studebaker and the other is Ford.

Studebaker has achieved one-profit manufacture without expensive financing, mergers, holding companies, or other agencies which create overhead. Studebaker has no bonded debt and no bank loans. The tremendous plants which permit such efficient manufacture of fine cars are the results of 73 years of sound conservative business. The 14,000 stockholders who own this corporation have been content with reasonable returns, and earnings have built the solid foundation described on this page.

the same body—a body made from the identical dies, jigs and fixtures. Certainly these manufacturers must have sacrificed engineering advantages in chassis construction to accommodate this "standardized" coach body built by an outside supplier.

And remember that no outside supplier is able to build bodies a whit cheaper than Studebaker with its vast modern plants and tremendous volume.

Contrast this with Studebaker, where the entire car is designed and built as a unit—and engineered complete. This construction means (1) longer life—(2) greater comfort in riding—(3) greater freedom from repair expense—(4) greater resale value.

Longer Life because—all vital units are especially designed to operate in harmony—one with the other. Thus preventing unnecessary wear and tear.

Greater Riding comfort because—springs and chassis are scientifically designed to function most efficiently with the body also designed and built by Studebaker.

Greater freedom from repair expense because—strains and stresses of each moving part are accurately determined before the car is built.

Greater resale value because—the tremendous reserve mileage, the rugged dependability and amazing stamina that are built into every Studebaker car cannot be exhausted in years of service.

With the advent of this one-profit-one overhead plan of motor car manufacture, it is folly today to buy a car by the same comparisons you used yesterday. Today you must measure all cars with this "one-profit" Studebaker.

—O—

One-fourth of all American passenger cars built today belong to the fine-car field—a total of 57 different makes selling above one thousand dollars.

In keeping with its history, Studebaker stands definitely to the manufacture of high grade motor cars only. Nothing about Studebaker is cheap. Studebaker will not compromise on quality in materials or workmanship. Our plants can produce 160,000 automobiles in a year and there are more than 160,000 purchasers of automobiles each year who demand quality. Studebaker caters to persons so successfully that of all fine cars sold one in eight is a Studebaker.

There are 21 Studebaker body styles available on three different chassis. The Standard Six Models, 113-inch wheelbase, 50 h. p. engine, \$1125 to \$1650 f. o. b. factory. The Special Six Models, 120-inch wheelbase, 65 h. p. engine, \$1450 to \$2120 f. o. b. factory. And the Big Six Models, 127-inch wheelbase, 75 h. p. engine, \$1875 to \$2650 f. o. b. factory.

Whether you buy the highest priced or the lowest priced Studebaker you always receive high quality materials, sound engineering design, integrity in workmanship and the utmost value for the money.

And you may buy your Studebaker today with the assurance that it will not be arbitrarily stigmatized by any act of ours as a "last year's model." Instead of spectacular annual announcements of "new yearly models," Studebaker has adopted the policy of keeping its cars up-to-date in body styles and chassis design every day in the year. Therefore, buy your Studebaker now!

This is a Studebaker Year
